1.) Put a cut resistant plate underneath the sheet of plywood when working with the cutter knife. Stick through the small paths of the sheet of plywood with the help of the cutter knife from both sides. Break out all parts, sand breaking points if needed and colour all parts with the colour you like.

2.) Cut the paper so that you can glue it into the back of the lantern sides.

3.) Glue all parts into the frame and stick the paper on the back.
