Hauptstr. 28

INSTRUCTIONS

You can use common wood glue. It's easier to colour the parts before mounting. Only for decoration, no toy! Suitable for children older than 5 years. Children under 5 years only under supervision of an adult.

1.) Put a cut resistant plate underneath the sheet of plywood when working with the cutter knife. Stick through all small paths of the sheet of plywood with the help of a cutter knife from both sides.

2.) Break out all parts and sand breaking points, if needed. Then colour all parts.

3.) Glue the left wing (A), beak of the owl (B), claws (C) and eyes (D) on the big owl. Put the right wing behind the small owl.

4. Fix the small owl on the branch and glue the wings on the big owl. Now glue the eyes, the beak and the small wings on the small owl. Please note: stick part (E) on the back of the big owl.

5. Now you can glue all remaining parts.
